Please be looking over the kids' work from day to day. Also have them show you how they are doing their work, by doing this it will help them understand the process of Math better.

### Reading:

We have begun reading the Classic Starts version of "Treasure Island". These versions are great ways for the kids to get to know the classic versions of the stories, then sparking them to want to read the actual ones later. Read with the kids and relive your high school years trudging through the Classic literature. Enjoy this great reading time with kids.

### Special points of interest:

- Grand parents Day — What a Fun day we had with Grandparents. I don't know the final count we had but we were packed in like sardines. Great activities, magic and laughter was had. What a blessing of a day.

### Memory for the Week-Due Oct. 27th

Scripture: Therefore, having put away falsehood, let each one of you speak the truth with his neighbor, for we are members one of another. Ephesians 4:25

Catechism: The Eighth Commandment— You shall not give false testimony against your neighbor.

What Does this mean?— We should fear and love God so that we do not tell lies about our neighbor, betray him, slander him, or hurt his reputation, but defend him, speak well of him, and explain everything in the kindest way.

### Theme Verse for 2017-2018:

*"We have this hope as an anchor for the soul, firm and secure." Hebrews 6:19*

**Please make sure that you are looking over the kids' assignment notebooks and work.** I am asking that you sign their assignment notebooks and they will show them to me each morning. This will help to make sure they are checking things over at home. This will also keep you involved with what we are going over in class. Together we will only be successful. Thanks in advance!!!
